Comments to author:

Reviewer #1: The new version of the paper has been re-written in a sufficient, but not excellent, way. Although I cannot see that any major changes have been made, the paper is sufficient for publication.

Reviewer #2: I think the author has addressed comments from both reviewers, and it is ready for publication. I just would like to provide a reference to backup the argumentation of interview in the method section, the author may refer to this article "Maryudi, A., & Fisher, M. R. (2020). The power in the interview: A practical guide for identifying the critical role of actor interests in environment research. *Forest and Society*, 4(1), 142-150. <https://doi.org/10.24259/fs.v4i1.9132>"
