

your MS 9763

From: orlov (orlov@vniro.ru)

To: iqbalburhanuddin@yahoo.com; j.ichthyology@naukaran.ru

Date: Monday, January 11, 2016, 8:10 PM GMT+8

Dear author,

Your MS entitled "**New Record of the Golden Grouper, *Saloptia powelli*, (Perciformes:Serranidae) from North Sulawesi, Indonesia**" was reviewed.

The reviewer pointed out a number of issues that must be addressed and they recommended a revision of your MS. If you believe that you can satisfy both reviewers, you are welcome to revise your article. Please find enclosed 2 files with comments of referee and marked copy of your MS.

While revising your manuscript please prepare:

- 1) A revised manuscript with all changes highlighted yellow.
- 2) A brief summary: which changes, suggested by reviewer you have incorporated, and which changes you have not (and why?).
- 4) DOI numbers must be appended to those cited references that have them. Please note that major publishers have been applying DOI numbers retroactively, so they may be not visible on papers reprints you have. In order to get all DOIs we need please consult electronic versions of the papers you cite.

All the above should be sent by e-mail to Editorial office (j.ichthyology@naukaran.ru) with copy to me. The deadline for sending a revised MS is 60 days. After that, the article may need to be re-evaluated.

Please confirm the receipt of this e-mail as soon as you receive it.

Sincerely yours,

Alexei M. Orlov,

Executive Editor-in-Chief
