Dear Dr. Amir,

One expert referee has now reviewed your paper and the comments are appended below. You will see that you are advised that you revise your manuscript. If you are prepared to undertake the work required, I would be pleased to reconsider your paper.

If you decide to revise the work, please provide a point-by-point response to each comment which has been raised when you submit the revised manuscript. Also please show the amendments highlighted or coloured text and make sure that clean and highlighted versions of the revised manuscript are the most up to date versions of your paper.

To submit a revision, go to <https://www.editorialmanager.com/theijid/> and log in as an Author. You will see a menu item call Submission Needing Revision. You will find your submission record there.

Finally, I would appreciate if you could submit your revised paper by 20 Jun 2020. If you need longer than this in which to revise your manuscript please let me know so that we can agree a timeframe for your response.

NOTE: Upon submitting your revised manuscript, please upload the source files for your article. For additional details regarding acceptable file formats, please refer to the Guide for Authors at: <http://www.elsevier.com/journals/international-journal-of-infectious-diseases/1201-9712/guide-for-authors>

When submitting your revised paper, we ask that you include the following items:

### Manuscript and Figure Source Files (mandatory)

We cannot accommodate PDF manuscript files for production purposes. We also ask that when submitting your revision you follow the journal formatting guidelines. Figures and tables may be embedded within the source file for the submission as long as they are of sufficient resolution for Production. For any figure that cannot be embedded within the source file (such as \*.PSD Photoshop files), the original figure needs to be uploaded separately. Refer to the Guide for Authors for additional information.

<http://www.elsevier.com/journals/international-journal-of-infectious-diseases/1201-9712/guide-for-authors>

### Highlights (mandatory)

Highlights consist of a short collection of bullet points that convey the core findings of the article and should be submitted in a separate file in the online submission system. Please use 'Highlights' in the file name and include 3 to 5 bullet points (maximum 85 characters, including spaces, per bullet point). See the following website for more information

<http://www.elsevier.com/highlights>

### Graphical Abstract (optional)

Graphical Abstracts should summarize the contents of the article in a concise, pictorial form designed to capture the attention of a wide readership online. Refer to the following website for more information: <http://www.elsevier.com/graphicalabstracts>

Please note that the International Journal of Infectious Diseases is an Open Access journal with no subscription charges. Reviewer:

In the manuscript there is no explanation regarding lung ct scan examination.  
However in figure 2 we could find the lung ct scan images.  
Please provide information about this result and the relevancy to COVID-19 diagnosis.  
Why ct scan was performed without any previous chest x-ray examination.  
Commonly we performed chest x-ray prior to ct scan examination. Please provide the reason.  
If available please also provide blood gas analysis result.
