SYMPTOMATIC SINUS BRADYCARDIA DUE TO ELECTROLYTE IMBALANCES IN SYNDROME OF INAPPROPRIATE ANTIDIURETIC HORMONE (SIADH) RELATED COVID-19

Muzakkir Amir, Dr., M.D.; Andi Renata; Levina Tri Ratana

BMC Infectious Diseases

Dear Dr. Amir,

Your manuscript "SYMPTOMATIC SINUS BRADYCARDIA DUE TO ELECTROLYTE IMBALANCES IN SYNDROME OF INAPPROPRIATE ANTIDIURETIC HORMONE (SIADH) RELATED COVID-19" (INFD-D-21-00469R1) has been assessed by our reviewers. Based on these reports, and my own assessment as Editor, I am pleased to inform you that it is potentially acceptable for publication in BMC Infectious Diseases, once you have carried out some essential revisions suggested below:

1. We notice the corresponding author provided on the title page differs from what has been listed in the submission system. Please confirm the correct corresponding author and amend either the submission system or the title page so that they match.
2. At this stage, please upload your manuscript as a single, final, clean version that does not contain any tracked changes, comments, highlights, strikethroughs or text in different colours. All relevant tables/figures/additional files should also be clean versions. Additional files should remain uploaded as separate files. Please ensure that all figures, tables and additional/supplementary files are cited within the text.

Please also take a moment to check our website at <https://www.editorialmanager.com/infid/> for any additional comments that were saved as attachments.

If you are able to fully address these points, we would encourage you to submit a revised manuscript to BMC Infectious Diseases.

Once you have made the necessary corrections, please submit a revised manuscript online at:

<https://www.editorialmanager.com/infid/>

If you have forgotten your password, please use the 'Send Login Details' link on the login page at <https://www.editorialmanager.com/infid/>. For security reasons, your password will be reset.

We request that a point-by-point response letter accompanies your revised manuscript. This letter must provide a detailed response to each reviewer/editorial point raised, describing what amendments have been made to the manuscript text and where these can be found (e.g. Methods section, line 12, page 5). If you disagree with any comments raised, please provide a detailed rebuttal to help explain and justify your decision.

Please also ensure that your revised manuscript conforms to the journal style, which can be found at the Submission Guidelines on the journal homepage.

A decision will be made once we have received your revised manuscript, which we expect by 11 May 2021.

Please note that you will not be able to add, remove, or change the order of authors once the editor has accepted your manuscript for publication.

Any proposed changes to the authorship must be requested during peer-review, and adhere to our criteria for authorship as outlined in BioMed Central's policies.

To request a change in authorship, please download the 'Request for change in authorship form' which can be found here - <http://www.biomedcentral.com/about/editorialpolicies#authorship>.

Please note that incomplete forms will be rejected.

Your request will be taken into consideration by the editor, and you will be advised whether any changes will be permitted. Please be aware that we may investigate, or ask your institute to investigate, any unauthorized attempts to change authorship or discrepancies in authorship between the submitted and revised versions of your manuscript.

We look forward to receiving your revised manuscript and please do not hesitate to contact us if you have any questions.

Best wishes,

Sarah Gray
BMC Infectious Diseases

We operate a transparent peer review process for this journal where reviewer reports are published with the article but the reviewers are not named (unless they opt in to include their name).

Reviewer reports:

If improvements to the English language within your manuscript have been requested, you should have your manuscript reviewed by someone who is fluent in English. If you would like professional help in revising this manuscript, you can use any reputable English language editing service. We can recommend our affiliates Nature Research Editing Service (http://bit.ly/NRES_BS) and American Journal Experts (http://bit.ly/AJE_BS) for help with English usage. Please note that use of an editing service is neither a requirement nor a guarantee of publication. Free assistance is available from our English language tutorial (<https://www.springer.com/gb/authors-editors/authorandreviewertutorials/writinginenglish>) and our Writing resources (<http://www.biomedcentral.com/getpublished/writing-resources>). These cover common mistakes that occur when writing in English.

Editorial Policies

Please read the following information and revise your manuscript as necessary. If your manuscript does not adhere to our editorial requirements, this may cause a delay while this is addressed. Failure to adhere to our policies may result in rejection of your manuscript.

In accordance with BioMed Central editorial policies and formatting guidelines, all manuscript submissions to BMC Infectious Diseases must contain a Declarations section which includes the mandatory sub-sections listed below. Please refer to the journal's Submission Guidelines web page for information regarding the criteria for each sub-section (<https://bmcinfectdis.biomedcentral.com/>).

Where a mandatory Declarations section is not relevant to your study design or article type, please write "Not applicable" in these sections.

For the 'Availability of data and materials' section, please provide information about where the data supporting your findings can be found.

We encourage authors to deposit their datasets in publicly available repositories (where available and appropriate), or to be presented within the manuscript and/or additional supporting files.

Please note that identifying/confidential patient data should not be shared.

Authors who do not wish to share their data must confirm this under this sub-heading and also provide their reasons.

For further guidance on how to format this section, please refer to BioMed Central's editorial policies page (see links below).

Declarations

-

Ethics approval and consent to participate

-

Consent to publish

Availability of data and materials

Competing interests

Funding

Authors' Contributions

Acknowledgements

Further information about our editorial policies can be found at the following links:

Ethical approval and consent:

BMC Infectious Diseases

Dear Dr. Amir,

I am pleased to inform you that your manuscript "SYMPTOMATIC SINUS BRADYCARDIA DUE TO ELECTROLYTE IMBALANCES IN SYNDROME OF INAPPROPRIATE ANTIDIURETIC HORMONE (SIADH) RELATED COVID-19" (INF-D-21-00469R2) has been accepted for publication in BMC Infectious Diseases.

If any final comments have been submitted from our reviewers or editors, these can be found at the foot of this email for your consideration.

Before publication, our production team will also check the format of your manuscript to ensure that it conforms to the standards of the journal. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Articles in this journal may be held for a short period of time prior to publication. If you have any concerns please contact the journal.

Please do not hesitate to contact us if you have any questions regarding your manuscript and I hope that you will consider BMC Infectious Diseases again in the future.

If you wish to co-submit a data note to be published in BMC Research Notes (<https://bmcresearchnotes.biomedcentral.com/about/introducing-data-notes>) you can do so by visiting our submission portal <http://www.editorialmanager.com/resn/>. Data notes support open data (<https://www.springernature.com/gp/open-research/open-data>) and help authors to comply with funder policies on data sharing. Please note that this additional service is entirely optional.

Best wishes,

Sarah Gray
