To: [hasbifisip@gmail.com](mailto:hasbifisip@gmail.com) <[yusufhalim2014@gmail.com](mailto:yusufhalim2014@gmail.com)>

Dear Dr. Hasi, Dr. Muhammad Yusuf

This is a message of confirmation regarding the reception of your manuscript **Determinant of power relations ‘punggawa-sawi’ and capital on the socio-economic household of the fishing community in Paotere port of Makassar City**, submitted to our journal AACL Bioflux. I will soon contact you with further information regarding your manuscript.

If you can, please recommend 1 or 2 reviewers for your manuscript. It would probably go faster this way. If you cannot, there is no problem, I will search for reviewers.

Also, please tell me when the study was conducted.

For any questions, please contact me, on this email address.

Please try to keep one message thread (respond/ask with “Reply”) for an easier message management.

Also, if you sent this manuscript to any other editor (except Dr. Petrescu-Mag, at [zoobiomag2004@yahoo.com](mailto:zoobiomag2004@yahoo.com)), please let me know, because only 1 editor should work on your paper.

Thank you for considering our journal.

Best regards,

Tudor Papuc

Fine. We have received the final version and have read it carefully.

In principle everything has been ok and we agreed to be published immediately.

Thank you very much.

Ok, the changes are accepted and there are no new comments.  
Please find attached the final version. Read it carefully. If you have any  
changes, do them, but mark them with yellow, and send me back the paper.  
If you don't have changes, and agree with the publication in this form, let  
me know, and I will publish the paper.

Please note that we cannot change anything in the paper after publication.

I will publish the paper immediately after your response, and will let you  
know afterwards.

Thank you,

Hello, I am back with the paper with comments. What you need to do is this:

1. Read all the paper carefully, because the English was corrected and the text was formatted.
2. Read carefully all the comments first (before starting the corrections, because some comments might relate to each other) and try to correct as best as you can. **Please work on this version of the manuscript. Please mark your changes (highlight with yellow, or use track changes; you can also leave the comments), so I can check them.** If you cannot correct, do not wish to do so, or have your own explanations, please write the reason as a reply to the comment or as a new comment.
3. If you have anything to add/change to the text not based on comments, please do so, but mark the changes like in point 2.
4. Try to respect the formatting when making changes.
5. After you make the corrections, please check again, to make sure everything is in order.
6. Send me back the corrected version of the manuscript.

I will check it, give it a final form, and send you the final version for a last check before publication.

Thank you,

Best Regards,

Tudor Păpuc

Ok, then I will try to send it to you by Sunday evening or sooner.  
You will do the revisions in 2-3 days maximum and send the paper back to me.

I will send you the final version after another day, and after you agree with that final version, I can publish the paper.

So, I hope that by the end of next week the paper will be published.  
I will respond to your messages faster, and I also need you to check your email regularly in this period for messages from me, to not lose time until we respond to each other.

Don't worry, we will manage to publish the paper in time.

We have made payment (transfer) via bank BNI 46 (Indonesia)

Proof of transfer document attached.

The author's name change is as follows:

Hasbi, Armin, Sakaria, Muhammad Sabiq, Andi Murni, Muhammad Yusuf

Manuscript changes author's name attached

Thank you.

Ok, for the PayPal method I need the following info:

1. Name of the payer.
2. Affiliation of the payer.
3. Email address of the payer.

I will forward this info to my colleague in charge of invoicing, Dr. Petrescu-Mag, and he will send an invoice link to the address mentioned in point 3. The payer can make the payment by accessing the link, by credit/debit card, online. The payer does not need a PayPal account to be able to make the payment.

Regarding the author composition, you can make the changes when you will receive the paper with comments.

Seeing how it will take a few days for my colleague to send you the link, and how the end of the year is fairly close (the editors have a few days off work), I do not think we will be able to publish the paper this year, but it will probably be published at the start of next year.

I am very sorry, we responded late.

We plan to make payments via PayPal and there is also a change in the composition of the author.

Thank you.

Hello,

Yes, there is progress. Your paper is preliminary accepted for publication. Please find attached the preliminary acceptance letter. **If you need a final acceptance letter for your university, please let me know.**

After this acceptance you should pay 300 USD for publication (open access). As the payment and bank transfer may be time consuming you may start the process of payment right now; we will send you the invoice immediately after the payment.

Please let us know when the payment is done (scanned receipt) in order to start the publishing process.

In case the peer-reviews suggest rejection, we will return the payment. The payment will not be returned in case of withdrawal request by authors or simply lack of feedback.

Please note that the Publishing House Policy does not allow to start the manuscript editing prior payment.

Here are the info for payment;  
take care to write correct the details:

*Beneficiary:* Bioflux SRL

*City:* Cluj-Napoca

*Country:* Romania, European Union

*SWIFT CODE of the bank:* BTRLRO22

*Account USD:* RO68BTRL01302202L28614XX

*Bank:* BANCA TRANSILVANIA

**Important!** When bank transfer is used to pay a publication fee, please pay attention to which modality of payment you chose! There are three options: Ben, Our, Us.

Use always "Us" option (meaning that all the bank transfer costs are in your concern/ authors support them and not the publisher). If you forgot to mention that and you let the bank to set "Ben" or "Our" options, we receive about 275 usd instead of 300 usd. Such payments are not valid and you need to pay again for the rest of the sum and one more transfer charge. This situation is not desirable.

There is a second method of payment, by Paypal, with credit card. Please let me know if you choose this method and I will redirect you to our colleague which is in charge of this procedure.

Let me know if you need more details.

Thank you for publishing with us!

Best regards,

Tudor Papuc
