Dear Dr. Herlina Rante,

The reviewer recommended that you make minor amendments to your manuscript. Please respond within the next 7 days to all comments raised by the reviewers in the online review forum. If necessary, you can also submit a revised version of your manuscript at that time. We encourage you to submit your documents with tracked changes to highlight the revisions.

Please do not hesitate to contact us if you have any questions. Your timely response would be much appreciated. Note that if we do not hear from you by the revision deadline, the publication of your manuscript may be postponed, as we cannot hold manuscripts in review without any updates from the authors.

With best regards,

Subehan
