Enhancing Indonesian Fish Production and Competitiveness in International Market

Research Center for Marine and Fisheries Socio Economics , IMFISERN and Faculty of Fisheries and Marine Science, Hasanuddin University

TABLE OF CONTENTS

	PREFACE	PAGE
	Chairman of Agency for Marine and Fisheries Research and Development, Ministry of Marine Affairs and Fisheries	viii
	Director of Research Center for Marine and Fisheries Socio-economics (RCMFSE)	ix
NO		PAGE
1	Toward More Competitive Of Indonesian Fisheries Production In International Market <i>by: Hendra Yusran Siry, Asmi Citra Malina, Pujoyuwono, Agus Heri Purnomo, Luky Adrianto and Sutinah Made</i>	1
2	Mariculture Development in Indonesia: Prospects and Constraints <i>by: Michael A. Rimmer</i>	7
3	“Indonesian Shrimp Incorporated” Shrimp Producer as World Number 1 <i>by: Andi Tamsil and Iwan Sutanto</i>	12
4	Adapting Extension Approaches to Aquaculture Environments in Indonesia: Lessons for Those Working in Fisheries <i>by: Joanne Millar, Mardiana E Fachry, Ageng S Herianto, Richard Callinan and Mike Rimmer</i>	21
SOCIO-ECONOMICS		
5	<i>Efficiency and Economic Scale of Shrimp (Penaeus monodon) Culture Tech- nology in South of Sulawesi</i> <i>by: Ali Musa Pasaribu and Aris Baso</i>	31
6	Evaluation of Surplus Production Model for the Estimation of the Maximum Sustainable Yield to Support Management of Lemuru Fishery in the Bali Strait <i>by: Georgina M. Tinungki</i>	39

FISH PROCESSING TECHNOLOGY AND BIOTECHNOLOGY

- 55 Processing of Bandeng Isi with Shrimp Meat Fortification as A Filler Material
by: Arham Rusli 597
- 56 Test of Antioxidant Activity of Seaweed Extract *Padina sp.*
by: Febe F. Gaspersz and Beni Setha 608
- 57 Studies on the Gel Strength of Red Seaweed Extract, *Gracillaria Verrucosa* from South Sulawesi
by: Ermina Pakki, Rahmawati Syukur and Sumarheni 618
- 58 The Effect of Different Harvest Age and Cultivation Location on Quality of Carragenan Seaweed (*Euchema Spinosum*)
by: Muh. Farid Samawi, Rahmadi Tambaru and Metusalach 623
- 59 Cloning and Sequencing of Highly Conserved Vp28 Nucleotide of Indonesian White Spot Syndrome Virus (WSSV) Isolate
by: Hilal Anshary, Debbie S. Retnoningrum, Sriwulan, Irmawati, Ernawati Giri Rachman and Endang Srieatimah 632
- 60 Antioxidant Phenolics from Mangrove Trees, *Sonneratia alba*
by: Netti Herawati, Noor Jalaluddin, La Daha, and Firdaus 642
- 61 Effect of NaCl Immersion and KOH Extraction on Carrageenan Viscosity of Red Alga *Kappaphycus alvarezii*
by: Ahmad Daud, Metusalach and Elmi N Zainuddin 650
- 62 Effectivity of Microbe *Bacillus sp.* and *Carnobacterium sp.* on Rearing of Juvenile Giant Gouramy, Osphronemus Gouramy Lacepede
by: Siti Aslamyah, Sriwulan and Hasni Y. Azis 656
- 63 Isolation and Identification of *Vibrio sp.* from Eel (*Anguilla sp.*) Skin Mucus
by: Meigy N. Mailoa 672
- 64 Activation of Cytokine Genes in Common Carp (*Cyprinus Carpio L.*) Macrophages Stimulated by CPG DNA
by : Asmi Citra Malina and Masahiro Sakai 682
- 65 Study Of Effect Of Various Levels Of Percentage Salinity Success Protoplasm Method Of Seaweed *Kappaphycus Alvarezii*
by : Rustam, Rajuddim Syam and Abustang 689
