

The 3rd FSSAT International Conference Attendance List Room 4, Moderator Ir. Sartika Laban, S.P., MP., Ph.D

No.	Kode ABS	Name	Name of Institution	Date of attendance at international conferences	Title	Status of attendance
1	ABS-104	Teguh Wijayanto	Department of Agrotechnology, Faculty of Agriculture, Universitas Halu Oleo Kampus Baru, Bumi Tridharma, Anduonohu, Kendari	January 9th 2021	Growth performance of several promising local upland rice (<i>Oryza sativa</i> L.) genotypes of Southeast Sulawesi	Presenter
2	ABS-107	Muhammad Yusril Hardiansyah	Department of Agronomy, Agrotechnology Study Program, Faculty of Agriculture, Hasanuddin University, Makassar, Indonesia	January 9th 2021	Comparative evaluation of cocoa seeds germination in local variety gantarangeke bantaeng (GTB) with MCC 01 variety using seed priming treatment	Presenter
3	ABS-111	Sortha Simatupang	BPTP Sumatera Utara	January 9th 2021	Assessment of cultivation technology package to increase double production of red chili in Karo	Presenter
4	ABS-114	R Padjung	Department of Agronomy, Agrotechnology Study Program, Faculty of Agriculture, Hasanuddin University, Makassar, Indonesia	January 9th 2021	Land suitability evaluation for cocoa in West Sulawesi using parametric approach	Presenter
5	ABS-124	Danner Sagala	Agrotechnology Department Universitas Prof. Dr. Hazairin SH. Bengkulu	January 9th 2021	Type and application time of ameliorant on soybean growth in tidal land	Presenter
6	ABS-129	Asrianti Arif	Department of Forestry, Faculty of Forestry and Environmental Science, Universitas Halu Oleo, Kendari, Southeast Sulawesi 93121, Indonesia	January 9th 2021	Propagation of valuable trees <i>Castanopsis buruana</i> Miq using stem cuttings	Presenter
7	ABS-138	Julistia Bobihoe	Assesment Institute Agriculture Technology (AIAT) Jambi	January 9th 2021	Productivity of new superior varieties in increasing rice productivity in irrigation lands, Jambi Province	Presenter
8	ABS-142	Samanhudi	Study Program of Agrotechnology, Faculty of Agriculture, Universitas Sebelas Maret, and Center for Research and Development of Biotechnology and Biodiversity, LPPM Universitas Sebelas Maret, Jl. Ir. Sutami 36A Surakarta 57126 - Indonesia	January 9th 2021	Effects of manure types to the growth and yield of sweet sorghum (<i>Sorghum bicolor</i> L.) in dry land	Presenter
9	ABS-144	Jaka Sumarno	Assessment Institute for Agricultural Technology of Gorontalo, IAARD, Indonesian Ministry of Agriculture	January 9th 2021	Asement of chili double fold production technology in Gorontalo, Indonesia	Presenter
10	ABS-148	Setia Sari Br. Girsang	Assessment Institute for Agricultural Technology North Sumatra	January 9th 2021	The effect of fertilizer and variety on maize production in two tillage systems in North Sumatera	Presenter
11	ABS-149	Slameto	Lampung AIAT	January 9th 2021	Study of ^Turiman Jale 2-7^ system production in acid dry agroecosystem in Lampung Region	Presenter
12	ABS-150	Aidi Noor	Assessment Institute of Agricultural Technology (AIAT) in South Kalimantan Jl. Panglima Batur Barat No. 4 – Banjarbaru	January 9th 2021	Response of shallots varieties to mulch treatment and the different planting season in the lowlands	Presenter
13	ABS-153	Rina D.Ningsih	Assessment Institute for Agricultural Technology of South Kalimantan	January 9th 2021	Growth and productivity of rice by jajar legowo (double row) planting method in freshwater swampland	Presenter
14	ABS-364	A. Gandhi	Magister Student, Agrochnology, Universitas Hasanuddin, Makassar,90245, Indonesia.	January 9th 2021	Effectivity of Biofertilizer and Shoots Pruning on Yield of Cocoa (<i>Theobroma cacao</i> L.)	Presenter
15	ABS-312	Fachirah Ulfa	Department of Agronomy, Faculty of Agriculture, Hasanuddin University, Jl. Perintis Kemerdekaan KM 10 Makassar 90245, Indonesia	January 9th 2021	Response of melon (<i>Cucumis melo</i> L.) to the application of bio-slurry fertilizer and trichoderma harzianum	Presenter

Makassar, January 9th 2021

Dr. Ir. Asmita Ahmad, ST., M.Si
 Chair of IC-FSSAT
