Dear Dr Agussalim Bukhari,

Reviewers have now commented on your paper. You will see that they are advising that you revise your manuscript. If you are prepared to undertake the work required, I would be pleased to reconsider my decision. Please resubmit your revised manuscript by Jan 01, 2021.

For your guidance, reviewers' comments are appended below.

If you decide to revise the work, please submit a list of changes or a rebuttal against each point which is being raised when you submit the revised manuscript. We would request that you also highlight the changes made in a different colour on the revised manuscript.

To submit a revision, please go to https://www.editorialmanager.com/scispo/ and login as an Author. On your Main Menu page is a folder entitled "Articles à réviser / Submissions Needing Revision". You will find your submission record there.

Include interactive data visualizations in your publication and let your readers interact and engage more closely with your research. Follow the instructions here: https://www.elsevier.com/authors/author-services/data-visualization to find out about available data visualization options and how to include them with your article.

Yours sincerely,
