> Please find the attached review reports on your submitted paper. Based on the Reviewers' recommendations, I am pleased to inform that your paper now is in consideration for publication. Please be sure that you know the instructions below and make appropriate response.

> Submission of your paper to this journal implies that the paper is not under submission for publication elsewhere. Material which has been previously copyrighted, published, or accepted for publication will not be considered for publication in this journal. Submission of a manuscript is interpreted as a statement of certification that no part of the manuscript is copyrighted by any other publisher nor is under review by any other formal publication. By submitting your manuscript to IJEETC, you agree on the copyright guidelines of the journal. It is your responsibility to ensure that your manuscript does not cause any copyright infringements, defamation, and other problems.

> Submitted papers are assumed to contain no proprietary material unprotected by patent or patent application; responsibility for technical content and for protection of proprietary material rests solely with the author(s) and their organizations and is not the responsibility of the journal or its Editorial Staff. The main author is responsible for ensuring that the article has been seen and approved by all the other authors. Authors are asked to sign a warranty and copyright agreement upon acceptance of their manuscript, before the manuscript can be published. The Copyright Transfer Agreement can be downloaded from <http://www.ijeetc.com/Journal-Copyright.pdf>.

> The revised manuscript will be due from you and your coauthors by no later than FOUR weeks. I hope that you will carefully take all the comments attached and the requirements below into consideration and make necessary actions. Please itemize all the changes and responses to them into a separate file, describing how you have addressed all the concerns. **Only when your responses to all the comments and the requirements are satisfactory, this paper can then be finally accepted for publication.** Please note that to highlight the changes in the revised manuscript so that those changes can be easily followed by editors.

Please make sure to rigorously proofread the paper to check for confusing expressions, and for both grammatical and typographical errors.

The figures/pictures should have sufficient resolution for publication.

The formulas need to be editable by MathType.

The references should be formatted in accordance with the Style illustrated in IJEETC Template.

> **Note that all amending should be done in the attached version.**

> Please understand that since we have time constraints, this next round of review will be final and you will not get any more chances to revise your paper.

Your paper will be published in about 6-9 months after all the publication procedures have been completed. Please always refer to the paper ID in the submissions and any further enquiries.

Thanks so much.
