paper submission: initial review/scrutiny External Inbox x

Jltr <jltr@academypublicati... Tue, Jan 25, 2022, 4:49 PM to me

Dear author,

Thanks very much for your submission.

Through the initial review, it is found that the paper does not meet the requirements of our journal. **Please revise your paper** (see the comments below) **and submit it again:**

The journal adopts a parenthetical-reference citation system in APA style, which basically contains **author's last name** (date (year) of publication. For example: Gould (1989) argues that...
...used the metaphor of the tree of life (Gould, 1989).

Page number should be mentioned when there are direct quotations. For example:
Gould (1989) used the metaphor of the tree of life "to form" (p. 14).
...used the metaphor of the tree of life "to express the concept of evolution" (Gould, 1989, p. 14).

Please modify the citation system in your paper.

For more details, please refer to the journal template at http://www.academypublication.com/file/tpls_templat
