CDR Manuscript Revision Required | BMS-CDR-2021-52

Current Diabetes Reviews <admin@bentham.manuscriptpoint.com>
to me, cdr

Reference#: BMS-CDR-2021-52

Submission Title: Spline Longitudinal Multi-Response Model for The Detection of Lifestyle-Based Changes in Blood Glucose of Diabetic Patients

Dear Dr. Anna Islamiyati,

Thanks for submitting the manuscript to "**Current Diabetes Reviews**". Your manuscript has been reviewed by experts in the field, and it needs substantial revision (comments given below/ attached). You are encouraged to carefully revise the manuscript, highlighting the exact changes made.

Our publication policy requires the return of your revised manuscript latest within one week of the receipt of this message.

Please send your revised manuscript to: cdr@benthamscience.net

Authors from non-English speaking countries should ensure to have their articles corrected by a native English speaker, for any grammatical, stylistic and typographical errors. You may want to avail an English language correction service at Bentham; please write for a quote to editorial

Revised Manuscript

anna islamiyati <annaislamiyati701@gmail.com>
to Current

Dear editors of **Current Diabetes Reviews**.

Thank you for your submission regarding the results of my manuscript review from the two reviewers. With this email, I am sending the revised version of my manuscript along with review notes from the two reviewers separately. Hopefully this revision is pleasing to you and can accept my article to be published in your journal. Once again, thank you so much. I always wait for good news from you as soon as possible.

Best regards
Anna
