Re: Submitt article 14 of 15

Barszcz Patryk <P.Barszcz@stat.gov.pl> to me, Okrasa Tue, Feb 9, 2021, 5:49 PM

Dear Author,

On behalf of the Editor of 'Statistics in Transition new series', Prof. W. Okrasa, I am pleased to confirm that we have obtained your paper "ESTIMATION THE CONFIDENCE INTERVAL OF THE REGRESSION COEFFICIENT OF THE BLOOD SUGAR MODEL THROUGH MULTIVARIABLE LINEAR SPLINE WITH KNOWN VARIANCE". Please, fill the document in attachment.

In order to accelerate the process of selection of reviewers of the paper, we would appreciate your suggestion on **3-5 names of experts you would consider appropriate for this topic (ideally from different countries)**.

Thank you for considering our journal for publishing your paper.
Best regards,

Mr. Patryk Barszcz, M.A.
Editorial Office,
Statistics in Transition new series

Dear editor of 'Statistics in Transition new series'
Thank you very much for your information. Through this email, I am sending the OPEN ACCESS AGREEMENT document file that I have signed.

As for the names of experts that we can recommend, are as follows:

1. Dr. Rahmat Hidayat, email: dayamath@gmail.com
2. Dr. Nur Chamidah, email: nur-c@fst.unair.ac.id
3. Prof. I Nyoman Budiantara, email: i_nyoman_b@statistika.its.ac.id

It is my hope that our articles can be accepted and published in your journal.
Thank you for your attention.

Best Regards,
Anna Islamiyati

Dear, Mr. Patryk Barszcz, M.A.

I thank you very much for submitting reviewer notes for our article. For this reason, with this email, I am sending 2 files related to the revision of the article entitled: Estimation the confidence interval of the regression coefficient of the blood sugar model through multivariable linear spline with known variance.

The files are:

1. Files for paper revisions (Islamiyati_4th February 2021_ Sitns Revised)
2. Files for revised notes by authors (Revised notes by authors)

Hopefully what we have revised can be accepted and you can receive our articles to be published in your journal. Thank you very much for your attention.

Best regards,
Anna Islamiyati

Dear Mr. Patryk Barszcz, M.A.
 Sorry for my wrong doing. I have sent a message to you in Indonesian. It is totally beyond my consciousness. Once again, sorry for everything. Furthermore, for the continuation of our review paper, first of all, thank you very much for your information. I apologize to you because I have sent a review note file without including notes from the first reviewer. For now, I am sending you an email with the responses & revisions files for the first and second reviewers' notes. In addition, I have also included a paper revision file in this email. The revised sections have been colored yellow. Once again, thank you for your attention. Hopefully you are pleased to receive our article to be published in your journal.

Best regards,
 Anna Islamiyati

Barszcz Patryk <P.Barszcz@stat.gov.pl> to me Apr 27, 2021, 3:59 PM

Dear Author,

Thank you very much for your message with separated files to each reviewer.

anna islamiyati <annaislamiyati701@gmail.com> to Barszcz Apr 27, 2021, 10:37 PM

Gmail interface showing an email from P.Barszcz@stat.gov.pl. The email content includes:

Dear Author,

Below, please find the response and another comments and suggestions from the second reviewer to your revised paper. Please refer to these remarks and make the appropriate amendments.

Message from reviewer:

Dear Sir, Mr. Patryk
Most of the changes are incorporated except:
1. Authors describe the data source at P-3, the primary data of 84 patients is used. Please give the data set in the methodology section or as an appendix at the end of the paper.
2. Read the language carefully once more. Some unnecessary explanation as well as vague sentences are found.
Best regards

Dear Author,

Thank you very much for your message with another revised version of your paper.

anna.islamiyati <anna.islamiyati701@gmail.com> to Barszcz, Okrasa
 Thank you very much.

Gmail interface showing an email from P.Barszcz@stat.gov.pl. The email content includes:

Dear Author,

Please find below, the response from the second reviewer to your revised paper. Please make corrections based on the suggestions of the second reviewer.

Best regards,

Message from the second reviewer:

Dear Sir,
Hello
The authors provided an incomplete data set in appendix at page-12. Moreover, if primary data is used, I have concerns about the validity and reliability of the data set. The authors should use some statistical measures to check the reliability of their data set.
Best regards...

Mr. Patryk Barszcz, M.A.

to Barszcz

Dear Mr Barszcz Patryk,

Thanks for your information. Allow me to answer the responses from the second reviewer.

1. The data attached to the paper are incomplete because we really want the data not to be displayed in the paper. But of course, if you allow that. Please advise, can I send our data files separately or do I have to write them completely in the attached paper?
2. To test the validity and reliability, we did not do this test. The consideration is that the data are not taken from a questionnaire but is sourced from the patient's medical record. We only recorded from the patient's medical records. Not all of the data we recorded were analyzed in this paper. We had to filter out some incomplete patient data.

This is what I can explain in response to reviewer comments. I really hope this explanation can be considered. And of course, we are always ready to make paper improvements based on reviewers' comments. Once again, thank you very much for everything, very much hope that our paper can be accepted for publication in your journal.

Best regards,
Anna

Acceptance by the third reviewer- Statistics in Transition new series

Barszcz Patryk <P.Barszcz@stat.gov.pl> to me
 Mon, Aug 23, 2021, 4:14 PM

Dear Author,

I am pleased to inform that the third reviewer has accepted your modifications. Now your paper is accepted for publication in *Statistics in Transition* new series! Unfortunately, I do not yet know in which volume we will publish your paper, because we have many papers to publish. The most probable date of publication is March 2022 issue, and the latest- June 2022.

Best regards!

Mr. Patryk Barszcz, M.A.
