

Mon, Jul 30, 2018, 7:31 PM

Dear Yusnita,

Your article: "Characterization and stability evaluation of nanoencapsulated epoxy lignans" has just been [published on F1000Research](#), and you can maximize its reach in the following ways:

- Email and share the article via the tools on the article page.
- Add this article to [Kudos](#) to help maximize your article's impact and measure the effectiveness of your activities via click-throughs, altmetrics, and citations. We will be sending you a customized link shortly to enable this process.

YOUR REFEREES

We are now inviting the referees you have suggested. They are asked to provide a status of 'Approved', 'Approved with Reservations' or 'Not Approved', and a referee report that will be published alongside the article under their name and affiliation. You will be able to respond to any published referee reports with a comment and/or publish revisions as a new version of your article, as appropriate.

Please note that we will have to ask you for additional referee suggestions if the invited referees decline. In order to avoid any delays with the peer review of your article, please continue to check your [My Referees](#) page for updates and respond to any email requests as soon as you can.

Regards

Sabina Alam
Editorial Director, *F1000Research*

(REVISED MANUSCRIPT) Manuscript 13047 conditionally accepted for publication

Yusnita Rifai <yusnitarifai@gmail.com>
to research

Fri, Nov 17, 2017, 7:29 PM

Dear Professor Clara (The Editorial Team, F1000Research),

Thanks for the correction and comments, we have revised our manuscript (No 13047). Please find it in the attachment, There are 3 attachments: revised manuscript, cover letter for the editor/reviewer and Figure in EPS format. As for the data availability, we would like to upload the data in figshare. Because it is stated in the "guideline" we should send the data first to you prior to reaching Figshare. Please give us advises about that.

Thanks very much for your help,
Sincerely,
Yusnita Rifai, Ph.D
Head of Pharmaceutical Chemistry laboratory
Faculty of Pharmacy Hasanuddin University
Makassar Indonesia

suitable referees, whom we invite on your behalf, giving you an opportunity to ensure that appropriate experts referee your article. Our transparent peer-review process means that the referee report, together with the referee's name, will be published alongside your article.

We will need at least 5 suitable referees before we can publish your article, so we recommend identifying them now, if you have not done so already. Click to access [My Referees](#), to enter your suggestions and/or use the Find Referees tool that will analyse your manuscript and suggest a list of referee candidates based on its content.

Please remember that they should have an appropriate level of experience and the right expertise to judge your article; they must be able to provide an unbiased report (e.g. they must not be recent collaborators or colleagues in your institute). Suggestions are checked by the editorial team and rejected if they do not meet these [criteria](#).

PAYMENT

As F1000Research is open access, we will require payment of the Article Processing Charge (APC) to be able to complete the processing of your submission. As your article is currently classified as a medium-length article, the APC is \$500. Please provide us with the name, postal address, e-mail address and VAT number (if applicable) of the person or single organization taking responsibility for making this payment. Please also let us know which currency you prefer to pay in (USD, GBP or EURO).Our Accounts department will be in touch regarding payment.

RETURNING YOUR REVISIONS

Please return your revised manuscript to the e-mail address above. In order to avoid any delays, please submit your revisions **using track changes in Word**. Please note this is your final opportunity to make any changes to the content of your manuscript. Once the typeset PDF of your manuscript has been created, we will send you a final PDF proof for checking prior to publication.

Best regards,
Clara

Dear Yusnita,

Your manuscript is almost ready to be sent to our production team, however, currently the images we have for Figure 1 are poor quality. Could you please provide us with a new version as a TIFF or JPEG at over 300 dpi. If this is not possible we will have to remove this figure from the manuscript.

Best regards

James
