Dear Firzan Nainu  
Universitas Hasanuddin

Abstract ID : BO13  
Title : PROTECTIVE S  
IGNATURES OF ROSELLE (Hibiscus sabdariffa L.) CALYX FRACTIONS AGAINST Staphylococcus aureus IN DROSOPHILA INFECTION MODEL

Based on plagiarism checking, we have found that your manuscript is likely to have high plagiarism score (>20%) with other published articles (attached files). Thus, we strongly encourage the author to declare whether plagiarism occurs in the author's manuscript. Such plagiarism especially redundancy over research results may cause manuscript retraction by publisher. If so, we encourage the author to withdraw the manuscript or revise the manuscript with related research results, which have not been published elsewhere. Please find the final review regarding your manuscript on the attachment file. It is mandatory for the author to follow the guidelines of manuscript writing as provided in the attachment files.

However, following peer review process, Editor has come to conclusion that your manuscript is still considered for submission to HAYATI J of Biosciences. In order to meet the requirement by the publisher, we strongly encourage the author to revise the manuscript based on the comments given by the reviewer (if any), general review by the Editor (attached) and plagiarism checking file (attached).

As for manuscript submission on 30 October 2019 to the publisher, we truly encourage the author to submit the revised version of the manuscript not later than October 28, 2019. Manuscript should be written in Mic. Word program without track changes (.docx) and named as "ABSTRACT ID\_FINAL". Kindly put "Final HAYATI manuscript" on the title of your email while sending the manuscript to us. The manuscript, which is sent after 28 October 2019, may not be considered for publication on HAYATI J of Biosciences.

We are looking forward to receiving your revised manuscript soon.  
Best regards,

The 3<sup>rd</sup> ICoBio Committee
