Dear Dr. Kasbawati,

We are writing to inform you that your manuscript is formally accepted by AIMS Mathematics.

Manuscript ID: Math2020191

Title: A Mathematical Study of Effects of Delays Arising from the Interaction of Anti-Drug Antibody and Therapeutic Protein in the Immune Response System

Enclosed please find our Word template or Latex template. Please compile your article with them and return it to us via email.

The manuscript will go through an English check and copy editing by our production editor soon. We will send you the edited version for proofreading. Once we receive your final version, we will publish it as soon as possible.

Further, to maximize the impact and readership of your paper, AIMS will do everything possible to make it reach all interested readers in the shortest possible time. To this end, we would need your help in providing an extended list of names with email addresses of those people who may be interested in your paper, especially the authors of the references you cited. Please prepare the list as a Excel file formatted as "name; email;" (one per line) via email. With your suggested list, we will invite them to browse this published issue online.

Please let us know if there are any questions you have.

Best wishes,

---

Kind regards,

Xiaomin Li

Dear Editor of AIMS,

Once again we apologize for not being able to meet the target time. We have to generate one simulation more to answer the comment of the second reviewer (comment No. 11). After that, we will re-read the paper once again before submitting it to prevent some typos. If you don't mind, we will submit it on July 28, 2020, or before that date. I'm really sorry for this inconvenience.

Best regards,

Kasbawati

Dear Editor of AIMS,

In my previous email, I have promised to submit my revision this week. Unfortunately, we are still not finished yet. We just have finished discussing the revision of the first reviewer's comments and the revision almost done (about 70%). We target to submit it as soon as possible (hopefully before 23 July). We are really sorry for this inconvenience. Thank you very much for your understanding.

Best Regards,

Kasbawati

Dear Editor of AIMS,

I am really sorry for the late reply. I have had a bad connection problem for several days. We are under revision of the paper based on the reviewer suggestions. We will try to submit the revision this week. I am really sorry for this technical problem.

Best Regards,

Dear Dr. Kasbawati,

Thank you very much for your submission to our journal.

Could you let us know the approximate time you finish the payment?

Once we receive it we will proofread the article as soon as possible.

Please let us know if there are any questions you have.

Best wishes,

---
