To expedite the publication of your article, your help is required to prepare the final version in the journal's format by following the step by step guidelines at

<http://www.aimspress.com/math/news/solo-detail/instructionsforauthors>.

Please provide us the final version by using this email account (Word files or all LaTeX related files, compressed as a single zipped file).

After receiving your final version in the journal's format, we will prepare for publication and send you the proof for approval.

Further, to maximize the impact and readership of your paper, AIMS will do everything possible to make it reach all interested readers in the shortest possible time. To this end, we would need your help in providing an extended list of names with email addresses of those people who may be interested in your paper, especially the authors of the references you cited. Please prepare the list as a Excel file formatted as "name; email;" (one per line) via email. With your suggested list, we will invite them to browse this published issue online.

Kind regards,

Kind regards,

Dear Editor of AIMS,

Thank you for accepting our paper.

We have a request about the publication volume of our paper due to financial support from our university.

Is it possible to publish our paper in the next issue, e.g. February 2022?

We request this because the university will disburse publication payment fund in that month. Hopefully you can help us in this regard.

Best regards,

Kasbawati
