Dear Miss Kasbawati:

Your manuscript entitled "Mathematical Study of Feedback Inhibition Effects on the Dynamics of Metabolites on the Central Metabolism of a Yeast Cell: A Combination of Kinetic Model and Metabolic Control Analysis", which you submitted to Biotechnology & Biotechnological Equipment, has been reviewed. The reviewer comments are included at the bottom of this letter.

The reviews are in general favourable and suggest that, subject to minor revisions, your paper could be suitable for publication. Please consider these suggestions, and I look forward to receiving your revision.

When you revise your manuscript please highlight the changes you make in the manuscript by using the track changes mode in MS Word or by using bold or coloured text.

To start the revision, please click on the link below:

*** PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. ***

https://mc.manuscriptcentral.com/tbeq?URL_MASK=64f9819f36f24e98872c08691cd84e5a

This will direct you to the first page of your revised manuscript. Please enter your responses to the comments made by the reviewer(s) in the space provided. You can use this space to document any changes you made to the original manuscript. Please be as specific as possible in your response to the reviewer(s).

This link will remain active until you have submitted your revised manuscript. If you begin a revision and intend to finish it at a later time, please note that your draft will appear in the "Revised Manuscripts in Draft" queue in your Author Centre.

IMPORTANT: Your original files are available to you when you upload your revised manuscript. Please delete any redundant files before completing the submission.

Because we are trying to facilitate timely publication of manuscripts submitted to Biotechnology & Biotechnological Equipment, your revised manuscript should be uploaded by 27-May-2019. If it is not possible for you to submit your revision by this date, we may have to consider your paper as a new submission.

Once again, thank you for submitting your manuscript to Biotechnology & Biotechnological Equipment and I look forward to receiving your revision.

Sincerely,
Sneja Pavlova
