Dear Miss Kasbawati:

Ref: A numerical study of the sensitivity of ethanol flux to the existence of co-factors in the central metabolism of a yeast cell using multi-substrate enzymes kinetic modelling

Our reviewers have now considered your paper and have recommended publication in *Biotechnology & Biotechnological Equipment*. We are pleased to accept your paper in its current form which will now be forwarded to the publisher for copy editing and typesetting. The accepted, non-typeset version of your paper is attached to this letter, for your information.

You will receive the typeset page proofs for checking, and instructions for transfer of copyright in due course. As part of the production process, you will receive automated emails from our Central Article Tracking System (CATS). Please add cats@taylorandfrancis.com to your safe senders list, in order to ensure you receive all production updates related to your manuscript.

The publisher also requests that proofs are checked through the publisher's tracking system and returned within 48 hours of receipt.

Thank you for your contribution to *Biotechnology & Biotechnological Equipment* and we look forward to receiving further submissions from you.

Sincerely,
Snejana Pavlova
Executive Editor, *Biotechnology & Biotechnological Equipment*
