Dear Ms. Shira W. Lu
IJMERR Associate Executive Editor

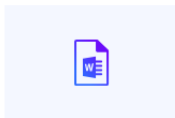

Thank you for publishing our paper. we are very delighted to learn that our paper "Flow Separation in Four Configurations of Three Tandem Minibus Models" has been published online in Volume 10, No. 5, May 2021.

However, we found some issues with the published pdf paper. The photographs of our author (Dr. Jalaluddin and Dr. Rustan Tarakka) are accidentally exchanged, while the bio of the last author (M. Ihsan) is not shown. We also apologize for some inconsistencies in writing the name of the authors in the references, and we have revised the references. If it is possible we are also asking for correction in the paper's metadata to allow proper citations of the referred articles.

We are asking for some revision on that matter.
We herewith attach the paper.
Thank you very much for your kind attention

Sincerely yours,

Dr. Rustan Tarakka
