Judul: Editor Decision: Advances in Environmental Biology

Dear author,

Ilham Rasyid, Syamsuddin Hasan, Darmawan Salman, Hastang

It is a pleasure to inform you that the paper has been accepted for publication, and the authors should make the corrections to the paper title:

The Role of Farmers to Improve Quality in the Corn Supply Chain as Animal Feed in South Sulawesi Province

Reviewer 1:

Comments to authors:

- Please Re-write the Abstract like the sample below and must be 250-400 Words.

Abstract

Background: write a background about the topic of the paper. (One sentence)

Objective: write the main objective of the paper. (One sentence)

Results: write the main and most important results for the paper. (More two sentences)

Conclusion: write the main conclusion for the paper. (More two sentences)

- Please write the main objective for this study in the last paragraph of the introduction.

- The introduction needs to be improved the authors need to support the introduction and discussion by recent references from 2015 to 2023

and try to have just a few old references

- References:

References should be written according to the rules of the journal and should match with the references found in the text. References should be cited in the number in the text [1] as [1],[2].

The list of references at the end of the manuscript must be arranged numbered, and each reference in the list should appear in the Vancouver-style.

[1] Al-Tawaha, A., Al-Karaki, G., & Massadeh, A. Comparative response of essential oil composition, antioxidant activity, and phenolic contents spearmint (*Mentha spicata* L.) under protected soilless vs. open field conditions. *Advances in Environmental Biology*.2013, 7(5), 902-910.DOI Number

Reviewer 2:

Comments to authors

- Statistical methods the authors used should be clearly stated in the materials and methods.
- Results interpreted in tables must be presented according to statistical methods and clear.
- Please support the discussion with new references.

Reviewer 3:

Comments to authors

In general, the subject is quite impressive, and the results are valuable.

Although, the manuscript needs some modifications (which are mentioned above) before the publication.

1. Please determine the article type:
