RBT- Reviewer comments- NADIARTI - ZEBRA MANTIS SHRIMP IN SEAGRASS

19 messages

Vanessa Nielsen <vnielsen.rbt@gmail.com>

Sat, Sep 18, 2021 at 5:58 AM

To: nadiarti@unhas.ac.id, Base de datos Revista de Biología Tropical <rbtap31@gmail.com>, alonso rbt <aprendas.rbt@gmail.com>

Dear Dr. Nadiarti:

Thank you for considering the *Revista* for the publication of your manuscript. The article needs to be rewritten. These are the reviewer comments on your manuscript. Please send an updated version, considering the suggestions of the reviewers, and return a correction form, stating in detail how you dealt with each of the suggestions.

The detail, clarity, and comprehensiveness with which you fill that form are of key importance because that information will be used by the editor to decide if your manuscript is accepted or not.

Alonso Prendas will be sending you a detailed document about your manuscript as soon as possible.

Thu, Nov 18, 2021 at 11:43 PM

Dear Dr. Nadiarti:

I need from you a formal letter requesting the inclusion of a new author.

It needs to be approved (the inclusion of an additional author or changes in the order) in the next session of the Journal Editorial Board, the pdf must be signed by all the co-authors. In the letter you must detail the reasons why the change is made.

Please address the letter directly to Julián Monge Nájera, Revista Biología Tropical Editor in Chief (julianmonge@gmail.com).

Thank you

Dear Vanessa

I apologise for taking so long to get back to you. I was not well when I last wrote, and I have been in hospital since then as I was diagnosed with Dengue fever. I am still very weak, and just starting to be able to work on the computer again. There are a couple of issues we still need to fix before re-submitting the paper. I very much hope you can still give us a little more time. I think it will be about a week before we are ready to resubmit.

Thank you for your time and attention.

Best regards

Nadiarti

Dear Vanessa,

I am writing this email to tell you that we have nearly finished the second revision of the article on mantis shrimp in seagrass, and we are preparing the correction form. As this correction form is very important in deciding whether our article is accepted or rejected, we need to work on it very carefully. I hope that within 1-2 days I will be able to send you the second revision of the article together with the completed correction form. I hope this will be acceptable.

Thank you for your time and attention, and your patience

Best regards

Nadiarti

Dear Editors,

Hope my email finds you all in a good health. I am happy to tell you that our article (Mantis shrimps burrows in seagrass beds) is just finished and ready to be updated as a second version considering the reviewer suggestions as well as adding the Spanish translation for the title and abstract.

Kindly find the attached file of the updated article together with a correction form completed with detailed statements about how the suggestions have been addressed, as well as several additional files as requested. These are:

- a. Full article (complete text to references) with the file name is: COMPLETED ARTICLE-NADIARTI MANTIS SHRIMP SEAGRASS
- b. CORRECTION FORM-NADIARTI MANTIS SHRIMP SEAGRASS

- c. Text without figures with the file name: TEXT NO FIGURES-NADIARTI MANTIS SHRIMP SEGRASS
- d. FILE OF FIGURE 1 with the file name: Fig.1.jpg
- e. FILE OF FIGURE 2 with the file name: Fig.2.jpg
- f. FILE OF FIGURE 3 with the file name: Fig.3.jpg
- g. FILE OF FIGURE 4 with the file name: Fig.4.jpg

Hope all these files fulfill the requirement as requested from the editor.
 Hope to hear a positive good news.

Best regards.

BIOLOGIA TROPICAL <recepcion.biologiatropical@gmail.com>

Tue, Apr 19, 2022 at 1:44 AM

To: nadiarti@unhas.ac.id

Dear Dr. Kadir,

We are glad to inform that your manuscript "**Seagrass density positively related to Zebra Mantis Shrimp (Stomatopoda, Lysiosquillidae) burrow abundance and size**" is ready for acceptance but noticed that it exceeds our free page limit by an *estimate* of 1 pages which in gray scales have a cost of \$50 per page (the total due is **\$51**).

We do not have any paywall: readers freely access every article we have ever published (since 1953) but our institution only finances ten free pages per article.

Please send us proof of payment within the next 10 days, and if you need any assistance or further information, just let me know. We will be able to accept your manuscript as soon as we receive payment confirmation.

We have a credit card online payment similar to the one used in Amazon and other sites: **just register here:**

<https://tienda.fundacionucr.com/index.php?route=account/register>

And then pay here:

https://tienda.fundacionucr.com/index.php?route=product/product&path=78&product_id=70

After payment, please send a message with article title, first author, amount paid and date of payment to biologia.tropical@ucr.ac.cr

Thanks for your fine contribution and for choosing the *International Journal of Tropical Biology and Conservation / Revista de Biología Tropical* to publish your work.

Dear Ms Revilla.

Thank you for the information.

I want to register for credit card online payment, but I am sorry I don't understand several things. Id Type, what should I choose? Extranjero or Costarricense. About Id number, is it a credit card number (16 digits)? The name (first and last name) asked in the register link, is the name based on the name in the credit card? About the address, what address should I use? home address? or institutional address?

Those are my questions for a while.

Thank you

Best regards,

Nadiarti

Tue, Apr 19, 2022 at 10:32 PM

Good morning, thank you for your quick response.

I answer your questions:

1. You must indicate that you are a foreigner.
2. Identification number corresponds to your identification number in your country (pin, dimex, passport, etc.)
3. It would be the name of the person who made the payment (either a person or the university)
4. If it is a person who will pay, it is the address of the room and if it is the university who pays, it will be the location address of the university

Dear Ms Revilla,

Good early morning, thank you for the answers.

I am sorry I have another question related to Scopus coverage year. I saw in the Scopus preview, the Scopus coverage year for the Revista de Biologia Tropical is until 2021. Does that mean this journal is not covered anymore in the Scopus? I need my article to be published in a journal indexed by Scopus with a year's coverage that is still ongoing until the article is published. I need clarity about the status of this journal before I make a payment.

Best regards,

Nadiarti

Dear Ms Revilla,
Could you guide me, how to make the payment? I have registered, and now I am entering a link for the payment. But I get confused. I want to select "Payment for Page Publication, but the price is different from the one in the table for additional page price list.

The screenshot shows the Fundación UCR website. At the top, there is a search bar and navigation links for EN, CRC, and a shopping cart icon. Below the navigation, there are tabs for EVENTS, SHORT COURSES, SERVICES, and PRODUCTS. The main content area features a banner for 'Journal of Tropical Biology' with the text: 'Aquí puede realizar sus pagos y apoyar a la revista. El monto mostrado es el equivalente a \$50 en moneda costarricense. Por favor seleccionar la cantidad de páginas (\$50 c/u)'. To the right, there is a product card for 'Journal of Tropical Biology' with details: BRAND: Vicerrectoría de Investigación, PRODUCT CODE: 0995-02, AVAILABILITY: 1000. A dropdown menu is open, showing options: 'Payment for Page Publication (+\$33,229.00)' and 'Publication of Digital Material (+\$49,843.50)'. The current price is listed as \$0.00. There are social media icons at the bottom of the product card.

I hope I can get a response from you soon, so I can make the payment quickly.

Best regards,
Nadiarti

Dear Ms Revilla.

I have ordered for the payment in USD, the total price I should pay is \$51 based on the order history. I have followed all the payment steps. I confirmed the payment of \$51 (attached). I had input my credit card data, but when the payment was processed, the internet was disconnected due to the low batt of my laptop. Now I am trying to continue the payment process, but when I arrived in the confirmed order, the price was changed from Dollars to Colon (attached). So please direct me, how I can continue the payment process.

Best regards,
 Nadiarti

Dear Sir/Madam

It seems I have paid twice, and I just realized after looking at the order history with complete status.

Article title: Seagrass density positively related to Zebra Mantis Shrimp (Stomatopoda, Lysiosquillidae) burrow abundance and size

First author: N. Nadiarti

Amount paid:

\$USD 51, date of payment 26/4/2022

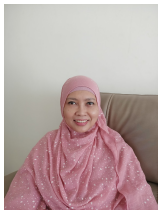

\$USD 51, date of payment 29/4/2022

Sorry for this negligence, hopefully there is a solution for my overpayment.

Best regards,

Nadiarti

To: BIOLOGIA TROPICAL <recepcion.biologiatropical@gmail.com>

Wed, Sep 7, 2022 at 1:10 PM

Dear Sir.Madam.

May I know how is the publication of my article? The article title is: Seagrass density positively related to Zebra Mantis Shrimp (Stomatopoda, Lysiosquillidae) burrow abundance and size. I have not received any news after the payment. May I know when it will be published?

Best regards,

Nadiarti

Dear Dr. Nadiarti:

I inform you that I will forward your message to my colleague, Dr. Vanessa Nielsen (vnielsen.rbt@gmail.com), so that she can reply.

Best regards.

Revista de Biología Tropical - Page Proof / Prueba de imprenta

URGENT! / ¡URGENTE!**PRUEBAS DE IMPRENTA PARA CORREGIR****Estimado(a) autor(a):**

Adjunto hallará las pruebas de página de su artículo. Por favor revíselas e infórmenos si detectó algún error (aplique notas en el pdf mismo).

Si su artículo excede las 10 páginas y aún tiene pendiente el pago por este excedente, por favor cancele lo antes posible para no detener el proceso de publicación de su artículo.

Probablemente encontrará cambios de importancia en título, "abstract", agradecimientos, pies de figura y cuadros. Estos no son errores: son correcciones basadas en las normas del *Council of Science Editors* y la *Real Academia de la Lengua Española*. Si desea aclaraciones, indíquelo en su mensaje. Si solicita cambios al manuscrito, debe incluir un pago de EUA\$10 por cada renglón modificado.

Si dentro de tres días no hemos recibido respuesta suya, el impresor publicará su artículo y no podremos aceptar responsabilidad por errores.

Luego de este plazo no podemos hacer correcciones: por favor no las solicite.

Nota: Por favor integrar todas las correcciones en una sola versión, gracias!

PAGE PROOFS TO CHECK (ENGLISH TEXT BELOW)**Dear Author:**

Enclosed please find proofs for your article. Please review them and inform us if you find any errors (add sticky notes in the pdf itself).

If your article exceeds 10 pages and you are still pending payment for this excess, please cancel as soon as possible so as not to stop the publication process of your article.

You will probably find important changes in title, abstract, acknowledgments, figure captions and tables. These are not errors: they are improvements based on the norms of the *Council of Science Editors*. If you need any explanations, ask for them in your message. If you ask for changes to the version that was accepted, include payment of

US\$10 for each modified line.

If after three days we have not heard from you, the publisher will print your paper and we will not be able to accept responsibility for errors.

We cannot make corrections after the deadline: please do not ask for them.

You must send a PDF signed by all coauthors stating: "We hereby declare that all coauthors fully agree with the publication of the final, edited version."

Note: Please indicate all corrections in one version, thanks!

Dear / Estimado(a),
Dr. Ir. Nadiarti, M. Sc.

Gracias por su respuesta, integraré las correcciones (excepto si alguna contradice alguna norma de la Revista de Biología Tropical). En unos días estaré en contacto para enviarle la separata digital.

Thank you for your reply, I will work in your corrections (unless they contradict any standard of the Journal of Tropical Biology). In a few days I will be in contact to send you the digital offprint.

Saludos cordiales / Best regards
