Makassar, 3 February 2020

Dear Dr. Ioan Valentin Petrescu-Mag

I am writing to submit our manuscript entitled, "Bioavailability Exchangeable Phase of Heavy Metals in Sediments and Contamination in Shellfish at Estuaries West Coast of South Sulawesi" for consideration for publication in *Aquaculture, Aquarium, Conservation & Legislation - International Journal of the Bioflux Society*. Because our findings can be very interesting information related to monitoring environmental estuaries for vision scientists, researchers, and lecturers who read your journal. This manuscript describes original work and is not under consideration by any other journal. All authors approved the manuscript and this submission.

Thank you for receiving our manuscript and considering it for review. We appreciate your time and look forward to your response.

Sincerely

**Dr. Muhammad Farid Samawi**
