Indonesian mothers of premature infants' experiences in achieving initial motherhood independence in the neonatal unit

Dear Dr. Hariati,

Thank you for submitting your manuscript to Journal of Neonatal Nursing.

I have completed my evaluation of your manuscript. The reviewers recommend reconsideration of your manuscript following major revision. I invite you to resubmit your manuscript after addressing the comments below. Please resubmit your revised manuscript by Jul 07, 2022.

When revising your manuscript, please consider all issues mentioned in the reviewers' comments carefully; please outline every change made in response to their comments and provide suitable rebuttals for any comments not addressed. Please note that your revised submission may need to be re-reviewed.

To submit your revised manuscript, please log in as an author at <https://www.editorialmanager.com/jneo/>, and navigate to the "Submissions Needing Revision" folder.

Journal of Neonatal Nursing values your contribution and I look forward to receiving your revised manuscript.

Kind regards,

Leslie Altimier, DNP

Editor and Reviewer comments:

Reviewer #1: This study is very interesting, yet it really needs to be evaluated grammatically. I started to edit as I thought there would be minimal corrections; however, the errors started to increase. A native English speaking academic researcher should review this manuscript prior to resubmitting it.
