ROSANA AGUS:

We have reached a decision regarding your submission to Biodiversitas Journal of Biological Diversity, "Cloning and expression of recombinant protein sMTL-13 (secreted 13 kDa lectin) Mycobacterium tuberculosis as a vaccine candidate".

Our decision is: Revisions Required

Reviewer A:

-This manuscript is too brief. At least, you need to compose minimum of 2000 words article from introduction to conclusion (table and figure excluded) for short-communication or the authors add other data and compose minimum 3000 words paper from introduction to conclusion.

Reviewer A:

The article which composes 2000-2500 words from introduction to conclusion (table and figure are excluded) will be published as a **short communication**. If the authors add other data and compose minimum of 3000 words paper from introduction to conclusion (table and figure excluded), the article will be published as original full-length paper.
