15-Feb-2021

Dear Professor Smith,

Your manuscript, ODI-02-21-OM-9511, entitled "A proof of concept pilot trial of probiotics in symptomatic oral lichen planus (CABRIO)," has gone through some editorial checks and there are a number of changes that are needed before it can be considered by the Editors.

Your paper has been placed in the "Unsubmitted Manuscripts and Manuscripts in Draft" section in your corresponding author centre. Please click on the blue link labelled "Continue" and then make the necessary changes to your paper as outlined below (the original number assigned to your paper will then be retained). PLEASE DO NOT RESUBMIT YOUR AMENDED PAPER AS A NEW MANUSCRIPT.

Changes:

- > Please provide the same title in ScholarOne as well as in the title page to help us proceed further.
- > Supplementary files are not cited in the text. Kindly include the text citation in the manuscript.

Many thanks for your assistance. Please do not hesitate to contact me if you have any questions.

Yours sincerely,  
 Jayapriya Baladandapani  
 Editorial Assistant

on behalf of  
 Michelle Martine

Dear Professor Smith,

We recognize that the impact of the COVID-19 pandemic may affect your ability to return your revised manuscript to us within the requested time frame. If this is the case, please let us know.

Manuscript ODI-02-21-OM-9511.R1, entitled "A proof of concept pilot trial of probiotics in symptomatic oral lichen planus (CABRIO)", which you submitted to Oral Diseases, has now been reviewed. The comments of the reviewer(s) are included at the foot of the letter.

The reviewer(s) have recommended publication, but also suggest some minor revisions to your manuscript. Therefore, I invite you to respond to the reviewer(s) comments and revise your manuscript accordingly, if possible within the next 30 days.

To revise your manuscript, log onto <https://mc.manuscriptcentral.com/odj> and enter your Author Centre where you will find your manuscript title listed under "Manuscripts with Decisions". Under "Actions", click on "Create a Revision". Your manuscript number has been appended to denote a revision.

You will be unable to make your revisions on the originally submitted version of the manuscript. Instead, revise your manuscript using a word processing program and save it on your computer. Please also highlight the changes to your manuscript within the document by using the track changes mode in MS Word or by using bold or coloured text.

Once the revised manuscript is prepared, you can upload it and submit it through your Author Centre under the original manuscript no. PLEASE DO NOT RESUBMIT YOUR REVISED MANUSCRIPT UNDER A NEW MANUSCRIPT no.

When submitting your revised manuscript, you will be able to respond to the comments made by the reviewer(s) in the space provided. You can use this space to document any changes you make to the original manuscript. In order to expedite the processing of the revised manuscript, please be as specific as possible in your response and respond to the comments in a point-by-point manner.

Author Contribution Indication  
The contributions of each author to this work must now be indicated when you submit your revised manuscript. To add Author Contributions using CheckIT taxonomy (<https://www.elsevier.com/locate/iscel>), simply click the "Provide CheckIT Contribution" link for each author in the Authors & Institutions step of the submission process. From there, you will be able to check applicable Author/Contributor Roles and, if available, specify the Degree of Contribution. You MUST provide this information as part of the revision process. Author Contributions will be published with the accepted article and cannot be edited after article acceptance.

 25-Aug-2021  
 Dear Professor Smith,  
 It is a great pleasure to accept your manuscript entitled "A proof of concept pilot trial of probiotics in symptomatic oral lichen planus (CABRIO)." in its current form for publication in the journal Oral Diseases.  
**FIRST LOOK** Your manuscript is accepted, HOWEVER, Please note that your manuscript will undergo an integrity check, that includes the images. Publication will only proceed on the condition that all final files comply with the journal integrity checks. In the event that any file does not comply with our integrity checks, the journal reserves the right to rescind this decision, or, alternatively you may be contacted to resolve any concerns raised by these checks.  
 Please note, articles also cannot be published until the publisher has received the appropriate signed licence agreement. Therefore, within the next few days the corresponding author will receive an email from Wiley's Author Services system asking them to log in and presenting them with the appropriate licence for completion.  
 Please note that articles over 6 pages are subject to page charges at 70GBP per additional page.  
 All Oral Diseases articles are placed online as Accepted Articles shortly after transmission to Wiley but prior to copyediting and typesetting. Accepted Articles are unedited articles published online and citable. The final edited and typeset Version of Record will appear in the future in Early View.  
 If your article contains any colour figures, when your article is published in Early View in Wiley Online Library, you will be emailed a link to RightsLink for Author Services allowing you to select optional colour printing and to pay the associated fee.  
 Please note that corresponding authors should always be informed by Oral Diseases when their paper has been published. Co-authors are not, however, automatically notified when their paper has been published; if they want to find out the status of their paper and obtain offprints for themselves they need to register with Author Services (<http://authorservices.wiley.com>).  
 You are welcome to send to the editorial office any feedback you may have about the editorial and peer review process.  
 On behalf of the Senior Editors of Oral Diseases, we thank you again for your fine contribution, and we look forward to your continued contributions to the journal and its increasing global reputation.  
 Yours sincerely,  
 Giovanni Lodi, DDS, PhD  
 Editor-in-Chief, Oral Diseases
